Additional Information

Shipping Condition Ambient

Purity This product was prepared from monospecific antiserum by a delipidation

and defibrination. Assay by immunoelectrophoresis resulted in a single precipitin arc against purified and partially purified Capsular Reactive Protein (CRP) [Human Serum]. Cross reactivity against Capsular Reactive Protein (CRP) from other tissues and species may occur but have not been specifically

determined.

Storage Condition Store vial at 4° C prior to restoration. For extended storage aliquot contents

and freeze at -20° C or below. Avoid cycles of freezing and thawing. Centrifuge product if not completely clear after standing at room temperature. This product is stable for several weeks at 4° C as an undiluted liquid. Dilute only

prior to immediate use.

Precautions Note This product is for research use only and is not intended for therapeutic or

diagnostic applications.

Please note: All products are 'FOR RESEARCH USE ONLY. NOT FOR USE IN DIAGNOSTIC OR THERAPEUTIC PROCEDURES'.
