## Anti-Human IgG (H&L) (Biotin Conjugated) Pre-Adsorbed Secondary Antibody

Goat Polyclonal, Biotin Catalog # ASR1781

## **Product Information**

**Description** Anti-HUMAN IgG (H&L) (GOAT) Antibody Biotin Conjugated (Min X MOUSE

Serum Proteins)

Host Goat
Conjugate Biotin
Target Species Human
Reactivity Human
Clonality Polyclonal
Physical State Lyophilized
Host Isotype IgG

Target Isotype IgG (H&L)

**Buffer** 0.02 M Potassium Phosphate, 0.15 M Sodium Chloride, pH 7.2

**Immunogen** Anti-Human IgG whole molecule was produced by repeated immunization

with Human IgG whole molecule in goat.

Reconstitution Volume 1.0 mL

**Reconstitution Buffer** Restore with deionized water (or equivalent)

## **Additional Information**

Shipping Condition Ambient

**Application Note** Suitable for immunoblotting (western or dot blot), ELISA, immunoelectron

microscopy and immunohistochemistry as well as other antibody based

enzymatic assays requiring lot-to-lot consistency.

**Purity** This product was prepared from monospecific antiserum by immunoaffinity

chromatography using Human IgG coupled to agarose beads followed by solid phase adsorption(s) to remove any unwanted reactivities. Assay by immunoelectrophoresis resulted in a single precipitin arc against anti-biotin, anti-Goat Serum, Human IgG and Human Serum. No reaction was observed

against Mouse Serum Proteins.

**Storage Condition** Store vial at 4° C prior to restoration. For extended storage aliquot

contents and freeze at -20° C or below. Avoid cycles of freezing and thawing. Centrifuge product if not completely clear after standing at room temperature. This product is stable for several weeks at 4° C as an undiluted

liquid. Dilute only prior to immediate use.

**Precautions Note**This product is for research use only and is not intended for therapeutic or

diagnostic applications.

## **Background**

Anti-Human IgG whole molecule antibody generated in goat detects specifically human IgG whole molecule. This secondary antibody anti-Human is ideal for investigators who routinely perform ELISA, Sandwich ELISA, titration assays, western-blot, immunoprecipitation and more generally immunoassays.

Please note: All products are 'FOR RESEARCH USE ONLY. NOT FOR USE IN DIAGNOSTIC OR THERAPEUTIC PROCEDURES'.
