

BCS1L Antibody (monoclonal) (M01)

Mouse monoclonal antibody raised against a partial recombinant BCS1L. Catalog # AT1287a

Product Information

Application WB **Primary Accession Q9Y276 Other Accession** NM 004328 Reactivity Human Host mouse Clonality monoclonal Isotype IgG1 Kappa **Clone Names** 5F3 **Calculated MW** 47534

Additional Information

Gene ID 617

Other Names Mitochondrial chaperone BCS1, h-BCS1, BCS1-like protein, BCS1L, BCS1

Target/Specificity BCS1L (NP_004319, 320 a.a. ~ 418 a.a) partial recombinant protein with GST

tag. MW of the GST tag alone is 26 KDa.

Dilution WB~~1:500~1000

Format Clear, colorless solution in phosphate buffered saline, pH 7.2.

Storage Store at -20°C or lower. Aliquot to avoid repeated freezing and thawing.

Precautions BCS1L Antibody (monoclonal) (M01) is for research use only and not for use in

diagnostic or therapeutic procedures.

Background

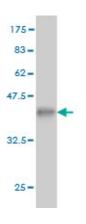

This gene encodes a homolog of the S. cerevisiae bcs1 protein which is involved in the assembly of complex III of the mitochondrial respiratory chain. The encoded protein does not contain a mitochondrial targeting sequence but experimental studies confirm that it is imported into mitochondria. Mutations in this gene are associated with mitochondrial complex III deficiency and the GRACILE syndrome. Two alternatively spliced transcripts encoding the same protein have been described.
