

LHX6 Antibody (monoclonal) (M05)

Mouse monoclonal antibody raised against a partial recombinant LHX6. Catalog # AT2710a

Product Information

Application WB
Primary Accession Q9UPM6
Other Accession NM_014368
Reactivity Human, Mouse
Host mouse
Clonality monoclonal

Isotype IgG2b Kappa
Clone Names 3E9

Clone Names 3E9 Calculated MW 40045

Additional Information

Gene ID 26468

Other Names LIM/homeobox protein Lhx6, LIM homeobox protein 6, LIM/homeobox

protein Lhx61, LHX6, LHX61

Target/Specificity LHX6 (NP_055183, 274 a.a. ~ 363 a.a) partial recombinant protein with GST

tag. MW of the GST tag alone is 26 KDa.

Dilution WB~~1:500~1000

Format Clear, colorless solution in phosphate buffered saline, pH 7.2.

Storage Store at -20°C or lower. Aliquot to avoid repeated freezing and thawing.

Precautions LHX6 Antibody (monoclonal) (M05) is for research use only and not for use in

diagnostic or therapeutic procedures.

Background

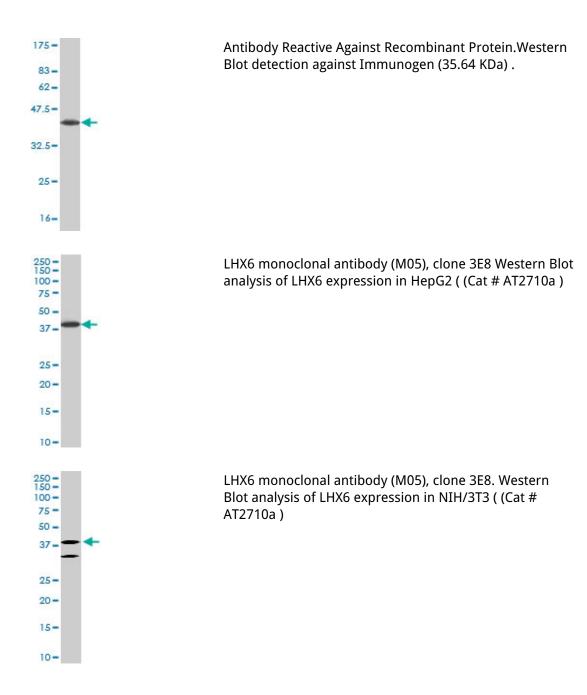

This gene encodes a member of a large protein family that contains the LIM domain, a unique cysteine-rich zinc-binding domain. The encoded protein may function as a transcriptional regulator and may be involved in the control of differentiation and development of neural and lymphoid cells. Two alternatively spliced transcript variants encoding distinct isoforms have been described for this gene. Alternatively spliced transcript variants have been identified, but their biological validity has not been determined.
