

## ZNF207 Antibody (monoclonal) (M04)

Mouse monoclonal antibody raised against a partial recombinant ZNF207.

Catalog # AT4600a

### Product Information

---

|                          |                           |
|--------------------------|---------------------------|
| <b>Application</b>       | WB, IF                    |
| <b>Primary Accession</b> | <a href="#">O43670</a>    |
| <b>Other Accession</b>   | <a href="#">NM_003457</a> |
| <b>Reactivity</b>        | Human                     |
| <b>Host</b>              | mouse                     |
| <b>Clonality</b>         | monoclonal                |
| <b>Isotype</b>           | IgG2a Kappa               |
| <b>Clone Names</b>       | 8G7                       |
| <b>Calculated MW</b>     | 50751                     |

### Additional Information

---

|                           |                                                                                                                      |
|---------------------------|----------------------------------------------------------------------------------------------------------------------|
| <b>Gene ID</b>            | 7756                                                                                                                 |
| <b>Other Names</b>        | BUB3-interacting and GLEBS motif-containing protein ZNF207, BuGZ, Zinc finger protein 207, ZNF207, BUGZ              |
| <b>Target/Specificity</b> | ZNF207 (NP_003448, 1 a.a. ~ 110 a.a) partial recombinant protein with GST tag. MW of the GST tag alone is 26 KDa.    |
| <b>Dilution</b>           | WB~~1:500~1000 IF~~1:50~200                                                                                          |
| <b>Format</b>             | Clear, colorless solution in phosphate buffered saline, pH 7.2 .                                                     |
| <b>Storage</b>            | Store at -20°C or lower. Aliquot to avoid repeated freezing and thawing.                                             |
| <b>Precautions</b>        | ZNF207 Antibody (monoclonal) (M04) is for research use only and not for use in diagnostic or therapeutic procedures. |
