

TGF-β3

Catalog # PVGS1533

Product Information

Primary Accession P10600 Species Human

Sequence Ala301-Ser412

Purity > 95% as analyzed by SDS-PAGE

Endotoxin Level

Biological Activity ED₅₀

Expression System Human Cells

Formulation Lyophilized from a 0.2 \(\text{Im filtered solution in 4 mM HCl.} \)

Reconstitution It is recommended that this vial be briefly centrifuged prior to opening to

bring the contents to the bottom. Reconstitute the lyophilized powder in

ddH₂O up to 100 ☐g/ml.

Storage & Stability Upon receiving, this product remains stable for up to 6 months at -70°C or

-20°C. Upon reconstitution, the product should be stable for up to 1 week at

4°C or up to 3 months at -20°C. Avoid repeated freeze-thaw cycles.

Additional Information

Gene ID 7043

Other Names Transforming growth factor beta-3 proprotein, Latency-associated peptide,

LAP, Transforming growth factor beta-3, TGF-beta-3, TGFB3

Target Background Transforming growth factor beta 3(TGFB3) is a member of a TGF - β

superfamily which is defined by their structural and functional similarities. TGFB3 is secreted as a complex with LAP. This latent form of TGFB3 becomes active upon cleavage by plasmin, matrix metalloproteases, thrombospondin -1, and a subset of integrins. It binds with high affinity to TGF- β RII, a type II serine/threonine kinase receptor. TGFB3 is involved in cell differentiation, embryogenesis and development. It is believed to regulate molecules involved in cellular adhesion and extracellular matrix (ECM) formation during the process of palate development. Without TGF- β 3, mammals develop a

deformity known as a cleft palate.

Protein Information

Name TGFB3

Function Transforming growth factor beta-3 proprotein: Precursor of the

Latency-associated peptide (LAP) and Transforming growth factor beta-3 (TGF-beta-3) chains, which constitute the regulatory and active subunit of

TGF-beta-3, respectively.

Cellular Location [Latency-associated peptide]: Secreted, extracellular space, extracellular

matrix {ECO:0000250 | UniProtKB:P01137}

Please note: All products are 'FOR RESEARCH USE ONLY. NOT FOR USE IN DIAGNOSTIC OR THERAPEUTIC PROCEDURES'.
